Attenzione: Le piste chiuse sono piste interdette!
Fuori degli orari di esercizio, le discese chiuse e non sono più protette da nessun pericolo quale il distacco programmato di valanghe o la circolazione di battipista con verricello. La sorveglianza giornaliera delle piste termina con il loro ultimo controllo finale. L'uso di piste chiuse e quindi interdette avviene esclusivamente a proprio pericolo. Pericolo di morte!

Warning: It is strictly forbidden to enter closed ski runs!
Outside operating hours, ski pistes are closed and not guaranteed safe from dangers such as avalanche blasting or grooming machines with winch cables. The daily monitoring of the slopes ends with the final piste patrol. If you decide to ski down closed pistes, you do so entirely at your own risk. Danger to life!
